

25th April 2014

URGENT FIELD SAFETY NOTICE

Oxoid Antimicrobial Susceptibility Disc P1 Penicillin G

CT0152B, Lot 1218658

Customers are to be advised of the following:

A technical investigation has confirmed that Oxoid Antimicrobial Susceptibility Testing Disc **P1 Penicillin G, CT0152B Lot 1218658** may have insufficient concentration of antibiotic resulting in below specification zones of inhibition.

Continued use of this lot could result in false indication of resistance.

Customers should review results reported using this lot and consider retesting and/or seek appropriate expert advice.

Accordingly, in keeping with our Quality Policy, we request that you destroy any remaining inventory of the lot listed above and contact Customer Services or your local Oxoid supplier who will issue a replacement.

This notice needs to be passed on to all who need to be aware within your organisation.

The Medicines and Healthcare products Regulatory Agency (MHRA) have been informed of this Field Safety Corrective Action.

If you experience any problems complying with this notice or you require any further information, please contact our Technical Support Department on +44 (0)1256 694238, or at oxoid.techsupport@thermofisher.com.

Yours faithfully,

Colin Booth
Global Director, Quality Assurance and Regulatory Affairs, Microbiology Products
